

Login to ZORA

Login for members of UZH and USZ

All members of the University of Zurich and the University Hospital Zurich are entitled to log in to ZORA. To log in to ZORA, you need a **SWITCH edu-ID**. In order to create a SWITCH edu-ID, or to link an already existing account with your own institution (UZH), please follow the instructions on the Central IT website.

[Instructions for SWITCH edu-ID \(Central IT\)](#)

Login for members of other University Hospitals

Members of other university hospitals (University Hospital Zurich, Balgrist University Hospital, Psychiatric University Hospital, Children's Hospital Zurich, Child and Adolescent Psychiatric Service) do not automatically have the necessary login data for a ZORA account. The login must be requested from their respective IT manager: [List of IT managers](#) (only available in the UZH network).

This UZH login can then be used to link the SWITCH edu-ID to the UZH: <https://www.zi.uzh.ch/en/support/identity-access/eduid-faq.html>

Click here to [log in to ZORA](#)

In case of problems with the login please contact the support at [Zentrale Informatik](#)
